JUST RELEASED

HERPETOLOGY OF AFRICA:

A Checklist and Bibliography of the Orders Amphisbaenia, Sauria and Serpentes

by Kenneth R. G. Welch, F.L.S., F.R.G.S.

1982 304 pp $19.50

This checklist is a guide to the nomenclature and distribution of the amphisbaenids, lizards and snakes of Africa, Madagascar and adjacent islands. Nearly 1700 species and subspecies are assigned to 240 genera.

References are given for the genera as units, and references with present-known distribution for the species and subspecies to include important synonyms. In addition, references are given for families and countries.

Contains a comprehensive index and bibliography of over 1600 references.

FOR 1983 RELEASE

By the same author . . .

HERPETOLOGY OF EUROPE AND SOUTHWEST ASIA:

A Checklist and Bibliography of the Orders Amphisbaenia, Sauria and Serpentes

$12.50

. . . Brief Synopsis . . .

This checklist is a guide to the amphisbaenids, lizards and snakes of Europe (excluding U.S.S.R.) east through Southwest Asia to include Iran and Afghanistan. Nearly 700 taxa are assigned to 93 genera. References are given for genera and individual taxa to aid the reader in obtaining descriptions, synonyms and further studies of biology, behavior, etc. In addition, references are given for families and countries.

This book will contain a comprehensive index and a bibliography of nearly 1000 references.

About the Author:

Kenneth R. G. Welch was educated at Bristol Grammar School, England, and has worked on the snake farms (Orm-Expo) at Furuviksparken and Tradgardsforeningen, Goteborg in Sweden. He has collected and studied reptiles in the field in Europe, North Africa, Australia and the West Indies and has written various papers and co-authored the checklist of the venomous snakes of the world.
