Karim Temara 78
- Breeding Results** 79
- Society News** 93
- Supply & Demand** 94

SOCIETY NEWS

* * *

On Saturday the 15th of October, the ESS again organizes her annual Snake Day. But before the many hundreds of snake lovers can attend the lectures and buy or exchange animals in the main building of the faculty of Veterinary Sciences of the University of Utrecht, a lot of work needs to be done. The place has to be fitted up for the event, dozens of tables and chairs have to be put in their place and hundreds of sandwiches made. These are just a few of the things that need to be done. Therefore the board of the ESS would appreciate it very much if any members would be willing to offer their help, for instance with setting up the place, cleaning up afterwards or supervising during the day. Anyone who is prepared to do something extra for the society and doesn't mind the work, can contact the secretary: Jan-Cor Jacobs, W.A. Vultostraat 62, NL-3523 TX Utrecht, The Netherlands, tel: +31-30-801115.
